

- Fits gates with 1<sup>5/8</sup>" - 2" O.D. round tube
- One-handed operation
- Prevents gate end from sagging or swinging
- Durable and safe
- Can be padlocked for additional security
- Allows gate to swing in one direction

### Mounting Instructions

- Select the model number of the Sure Latch™ set that matches the diameter of your gate tubing.
- For use on 1<sup>7/8</sup>" or 2" O.D. round tube gate, remove the inner shim from the latch pin.
- Bolt the latch pin onto the gate slightly above the center. To avoid any possibility of latch pin twisting on gate, put one bolt above and one bolt below a horizontal tube on gate.
- With the gate in the closed position, mount latch securely to post, using the latch pin as a gauge for correct height.
- Final adjustments can be made by sliding latch pin and/ or adjusting gate hinges up and down.

#### Important notice to purchaser:

The following is made in lieu of all warranties, expressed or implied. Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use or the inability to use the product. Before using, user shall determine the suitability of the product for his/her intended use, and user assumes all risk and liability whatsoever in connection therewith. The foregoing may not be altered except by an agreement signed by officers of seller and manufacturer.
